

Spay/Neuter Contract

I agree to have my pup (listed below) spayed/neutered no sooner than 6 months not later than 12 months of age, unless laws in my area require it be done prior to 6 months. I understand the reason not to spay/neuter before 6 months is to allow growth plates time to close to avoid health issues in later life. I also understand this is asked by the breeder to keep growth hormones as long as possible to help my pup fully develop into a healthy adult because early spay/neuter stops production of growth hormones important to physical and mental development.

I agree to provide the breeder with a copy of the veterinary statement showing that my pup was sexually altered within the time period stated above. The statement can be a photo copy sent via regular mail or a scanned copy sent via e-mail to the breeder whose information is provided at the end of this contract.

Puppy Name: _____ AKC No: _____ Chip No: _____
